Ovation® Select™—Cabin Connection Suite.

The high-quality digital experience you are accustomed to on the ground is now available in the air. Ovation Select is the newest, all-digital cabin management solution from Honeywell that seamlessly integrates entertainment and in-flight connectivity using state-of-the-art technology and a simple and intuitive user interface. The modular, lightweight and flexible system delivers high-quality, crisp surround sound from Alto Aviation®, vivid high-definition resolution from Rosen Aviation and digital communications distribution throughout the cabin, satisfying the growing bandwidth demands of tomorrow’s high-tech devices. Engage Productivity.
